Somerton Overview:

This classic two-story plan incorporates convenience and comfort on the main floor with a walk-through butler's pantry to the main pantry, large extended island, spacious living room with fireplace. A dedicated mudroom, main floor mudroom provides extra storage. The upper floor boasts a master bedroom with a dual-sink vanity, large soaking tub and separate tiled shower. Two bedrooms, full bathroom, conveniently located laundry room and a sizable media room. The basement opens up to a spacious family room and plays host to two additional bedrooms, third bath and additional storage.

This is a representation of the Bitterroot plan, actual build may vary and is subject to change without notice. Selections are made at frame stage and are final.
