

The Madison - Extended

Madison Overview:

One of our most popular floor plans just got better! Welcome to our expanded Madison plan — a thoughtfully designed single-level home that offers even more space, functionality, and style to meet your family's evolving needs. This spacious open-concept design features abundant natural light throughout the great room, flowing seamlessly into a gourmet kitchen and separate dining area perfect for entertaining.

The kitchen is a chef's dream with a large central island, butler's and walk-in pantries, soft-close cabinetry, and state-of-the-art appliances. Step out onto the covered back patio for indoor-outdoor living with views, fresh air, and space to host gatherings in every season.

Luxurious owner's suite features 9' ceilings, a serene 5-piece bath, and a generous walk-in closet. Two additional bedrooms, a full bath, and a flexible den or optional fourth bedroom offer versatility for guests, work, or play. A convenient half bath adds comfort for visitors.

The oversized 3-car garage with an additional workshop space offers endless options for storage, hobbies, or gear — all leading into a stylish mudroom with built-in cabinetry, bench seating, and an adjacent laundry area for everyday ease. Experience elevated comfort in a home where every detail is crafted for modern living.
